

DETAILS OF BUSINESS

Chemtech Industrial Valves Ltd., headquartered in Thane, Mumbai, manufactures and supplies conventional and customized industrial valves, ranging in size from 15 mm up to 4000 mm. The ISO 9001-2008 certified company operates across sectors like steel, power, oil and gas, and chemicals.

The company primarily operates in two segments: **Manufacturing of Industrial Valves** and **Trading of Project Sales Items**.

Core Product Offerings

- **Specialized & Fabricated Valves:** Fabricated double disc gate valves, goggle valves, and line blinds.
- **Standard Valves:** Butterfly, gate, globe, check, and ball valves in carbon and stainless steel.
- **Other Equipment:** Basket type, Y-type, and duplex-type strainers.

Manufacturing & Market Reach

- **Facilities:** The company operates a state-of-the-art 130,000 square-foot manufacturing facility located in Wada (Palghar District, Maharashtra).
- **Target Industries:** They hold a strong presence in the Iron & Steel sector, providing import substitutes and handling critical applications for major plants. They also cater to power, fertilizers, chemicals, and water/wastewater treatment.
- **Global Footprint:** Alongside domestic clients, they export to markets such as Russia, Kuwait, Nigeria, and Malaysia.
